

LORD KITCHENER NATIONAL MEMORIAL FUND UNIVERSITY SCHOLARSHIPS

FINANCIAL BANDING

Candidates are judged on academic achievement and potential. Account is also taken of evidence of their other interests and activities. Initial selection will take place on receipt of a completed application form and other reports that may be called for. Candidates so selected will be short-listed for interview.

It should be noted that the financial situation of candidates is not taken into account in the selection process but is one of the factors considered when sourcing the funds to finance the scholarship being allocated.

It would therefore help the Scholarship Committee of the Fund to carry out this process if you would ask your parent or guardian to indicate below the approximate amount of gross annual family income and any other information which you may think would be of help to the Committee.

This information will be **strictly confidential**.
